

Juita is The Leader of Template Machine in The World

JT-A8

Needles steward
(With independent damaged needle recycling system)

Number of needle sets: 24 sets

Independent damaged needle recycling device

Automatically numbered and package the used needles, easy to search.

1. Adopt the latest AI technology;
2. Dual recognition system is accurate and efficient;
3. Needle change process is convenient and fast;
4. Achieve 100% recycling of used needles;
5. Record the needle provide and create excel automatically, easy to save and access.
6. Manage the purchasing, using and recycling by IOT.
7. Machine can install client and connect with MES/ERP system, realize data synchronization and share.
8. Good performance and high efficient, one investment for long-term benefit.

Display Screen: 21.5 inch full touch operation screen

Face recognition: easy and simple to operate

Needle recognition: high-definition camera, can recognize the length of broken needle

The whole process: only 17 seconds, saving time

System: dual system control, stable and accurate

Reports: export Excel reports on a USB flash drive for easy viewing

➤ Voltage: AC220V

➤ Power: 100W

➤ Net Weight: 140Kg

➤ Gross weight: 170Kg

➤ Product size: 500×1300×1780mm

➤ Carton size: 580×1350×1950mm
